In the G.O. cited the Government sanctioned the employment for a period of one year of a Senior Inspector of Cooperative Societies to attend to the work of distribution of building materials undertaken by the Tambarahalli cooperative stores, in connection with the rehabilitation of displaced persons of Tungabhadra Project area. The sanction for the post expired on 14.3.1953. The Special Assistant Rehabilitation in his reference third cited (copy enclosed) states that the stocks of building materials available with the Tambarahalli Cooperative stores are worth more than rupees two lakhs and the distribution of these materials requires close supervision and proper accounting. He therefore requests that the post of the Senior Inspector may be continued for a period of three months from 14.3.1953. In anticipation of sanction by the Government I have requested the Registrar of Cooperative Societies to continue the post of the Senior Inspector to avoid dislocation of work. In the above circumstances I request that Government may be pleased to issue orders for the continuance of the post of the Senior Inspector for a period of three months and my action in having retained the post in anticipation of Government sanction may be ratified.

p.b.c.f.(R)

In their order quoted above, the Government sanctioned the employment for a period of one year of a Senior Inspector of Cooperative Societies to attend to the work of distribution of building materials undertaken by the Tambrahalli Cooperative Stores, in connection with the rehabilitation of displaced persons of Tungabhadra Project area. The sanction for the post expires by 14-3-1953. There is need to continue the post for a period of three months beyond the date of expiry of the present sanction. The stocks of building materials available with the Tambrahalli Cooperative Stores are worth more than rupees two lakhs and the distribution of this material requires close supervision and proper accounting. I, therefore, request that sanction of Government may be obtained for continuing the post for a period of three months from 14-3-53. By that time most of the materials would have been sold out and there will be no rush for building materials after that date.
